

## CERT Rodeo 2009 Round Up Rules of the Games

<b>Station 1 Triage</b>	<b>Station 2 Medical Treatment</b>	<b>Station 3 Gang Plank Team Building Exercise</b>	<b>Station 4 Tower Search &amp; Rescue</b>	<b>Station 5 Fire Suppression</b>
<p><u>Task:</u> This is a table top exercise in Classroom 8. You will have 5 minutes to triage 25 patients. Sort: Immediate, Delayed, Dead. Next you will have 5 additional minutes to reevaluate and triage again.</p>	<p><u>Task:</u> This will be a timed test, you will have 15 minutes. 8 patients will be marked with injuries. You must perform a head-to-toe assessment. Evaluate: Immediate, Delayed or Dead. Treat the injury with available materials and document.</p>	<p><u>Task</u> This is a timed test, maximum time will be 15 minutes. A team of 4, will cover a 20 foot distance on two 8 foot wooden planks with rope handles. At the turn around, 4 different team members will return to the start/finish line. Time stops when the last person and the end of the board crosses the line.</p>	<p><u>Task</u> This will be a timed event, you'll have 15 minutes to complete the task. Numbered tennis balls are hidden on floors 1 – 3 of the Fire Tower. 2 Person teams will search and retrieve the tennis balls. A whistle will blow giving you a 1 minute warning to get all team members out of the building.</p>	<p><u>Task</u> Working in two person teams, you will approach and suppress 4 small fires. Returning to your start line you will pass on fire extinguisher to next team set.</p>
<p><u>Recommended Team Members</u> (6): Team Leader, Medical Person</p>	<p><u>Recommended Team Members</u> (8): Medical Team Leader, Scribe</p>	<p><u>Recommended Team Members</u> (8): Team Leader</p>	<p><u>Recommended Team Members</u> (9): Operations Team Leader, Scribe</p>	<p><u>Recommended Team Members</u> (6): Team Leader, Safety Officer</p>

<b>Station 6 Patient Transport</b>	<b>Station 7 Evidence Recovery</b>	<b>Station 8 Cribbing</b>	<b>Station 9 Size-Up</b>	<b>Station 10 Incident Command</b>
<p><u>Task</u> You will have 15 minutes to assess three victims, evaluate and transport. Each victim will be approached and triaged. One victim will be transported to a staging area before the next victim can be transported. Applications will include backboard, chair, and blanket carry skills.</p>	<p><u>Task</u> You will have 15 minutes to search the field and cross the finish line. A line search will be done across the designated search area. You will search the field area without breaking your line, stopping only when items are located and your scribe is notified.</p>	<p><u>Task</u> You will have 15 minutes to complete this task. A victim will be trapped under a structure. The team will need to use proper cribbing techniques to extract and transport the trapped victim.</p>	<p><u>Task</u> You will have 15 minutes to complete this task. You will complete a controlled perimeter size-up of a train accident. You will: gather facts, assess damage, consider probabilities, assess your situation, establish priorities, and complete documentation in order to report back to IC.</p>	<p><u>Task</u> You will select an Incident Commander for the entire Event. All teams must have an Incident Commander at the IC tent at all times. He/she is allowed to participate and need not stay at IC all day as long as IC is transferred to another team member. The IC is responsible for organizing teams per event, communication, documentation and reporting all event scores at completion of the day. Any station evaluations missing will earn 0 points for that event.</p>
<p><u>Recommended Team Members</u> (8): Medical Team Leader, Scribe</p>	<p><u>Recommended Team Members</u> (12): Team Leader, Scribe</p>	<p><u>Recommended Team Members</u> (12): Team Leader, Medical Person, Safety Officer, Cribbing</p>	<p><u>Recommended Team Members</u> (12): Team Leader, Safety Officer, Scribe</p>	<p><u>Recommended Team Members</u> (2): Incident Commander, Scribe</p>
